

# HUMAN SERVICES TECHNOLOGY A45380

The Human Services Technology curriculum prepares students for entry-level positions in institutions and agencies which provide social, community, and educational services. Along with core courses, students take courses which prepare them for specialization in specific human service areas.

Students will take courses from a variety of disciplines. Emphasis in core courses is placed on development of relevant knowledge, skills, and attitudes in human services. Fieldwork experience will provide opportunities for application of knowledge and skills learned in the classroom.

Graduates should qualify for positions in mental health, child care, family services, social services, rehabilitation, correction, and educational agencies. Graduates choosing to continue their education may select from a variety of transfer programs at senior public and private institutions.

## Human Services Technology Associate in Applied Science Degree A45380 (Revised 1998\*03) Course and Hour Requirements

| Title   | Hours<br>Class | Lab | Work<br>Exp. | Credits |

### Alpha Sigma

Alpha Delta Omega was founded in 1988 at the University of Wisconsin, Oshkosh. The primary mission of the honor society is to recognize academic excellence, encourage quality service delivery in the field of Human Services, and promote the empowerment of all individuals within society.

The organization is open to all Human Services majors at the school in which there is a chapter. Students with a GPA of 3.0 or above in Human Services and overall are eligible to apply for membership. In addition to evaluating academic achievements, the student's commitment to excellence in the provision of services to others is evaluated. Each applicant submits an essay describing commitment to excellence and philosophy of working in the helping professions.

The Alpha Sigma Chapter was established in April 2002 at Lenoir Community College.
