

### It's a little quieter on campus these days:

The past three weeks have been a whirlwind, but in a time that the world has come to a standstill in some cases, Lenoir Community College has continued to move forward. Everyone has stepped up to the plate to find ways to engage our students and to engage each other. We have had challenges, but I could not be more proud that we continue to tackle this new normal. I miss seeing you all in person, and the normal campus sounds. I am thankful for all you do, and I'm looking forward to seeing you on campus again. **Kim and I wish you a blessed Easter and know that you are appreciated.**

### U.S. Department of Commerce to Invest \$2 Million at LCC

The EDA has awarded a \$2 million grant to LCC to [support the renovation](#) of the Floyd Health Sciences Building. The EDA grant, to be matched with more than \$5 million in state funding and \$115,439 in local investment, is expected to create over 500 jobs.
