Select Dimension: Overall
 Select Credit Thresholds: 12 Part-Time / 24 Full-Time
 Academic Year: 1

What is the KPI measuring?

1. What proportion of your students are progressing toward completion by earning sufficient credits (30 or 24 credits for full-time, 15 or 12 for part-time) each year? Which subgroups of students are more likely to earn sufficient credits?
2. Are students earning sufficient credits their first year? Their second? Third? Fourth?

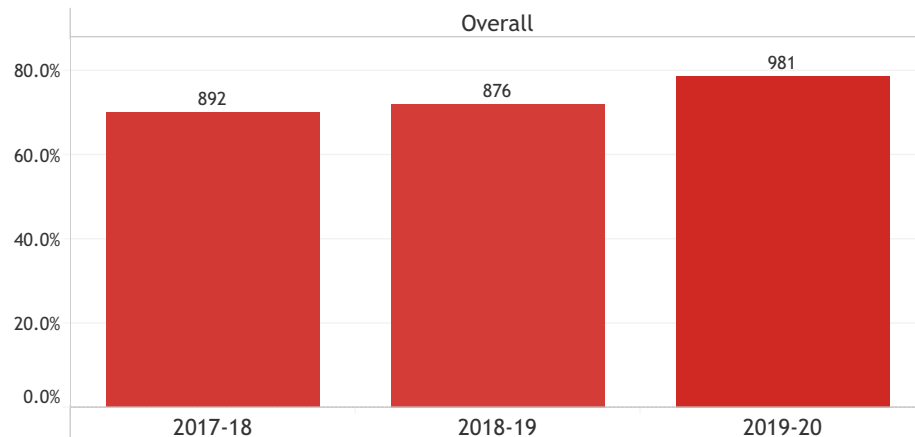

CAR by Overall

Did Not Achieve Credit Threshold by Overall

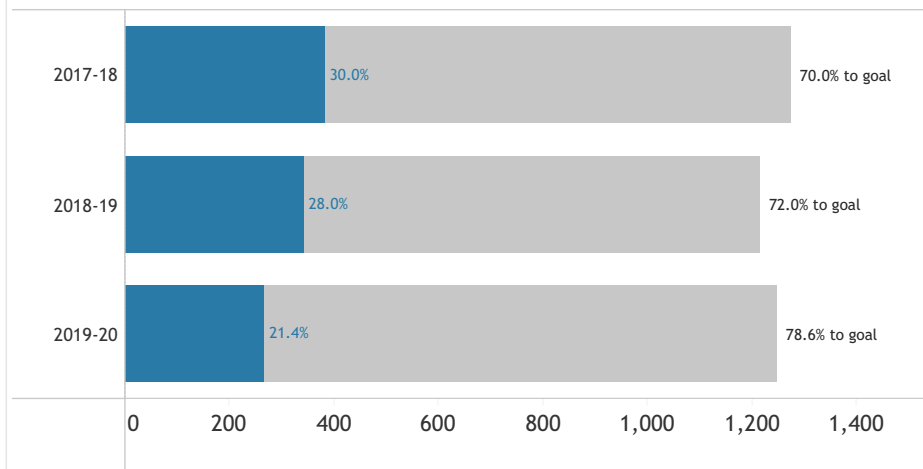

Color = # students not meeting threshold, Size = % of population not meeting threshold

Did Not Achieve Threshold
 0 981

CAR by Cohort

Blue = # of students in cohort that achieved threshold, Grey = % to goal

Overall

What is the KPI measuring

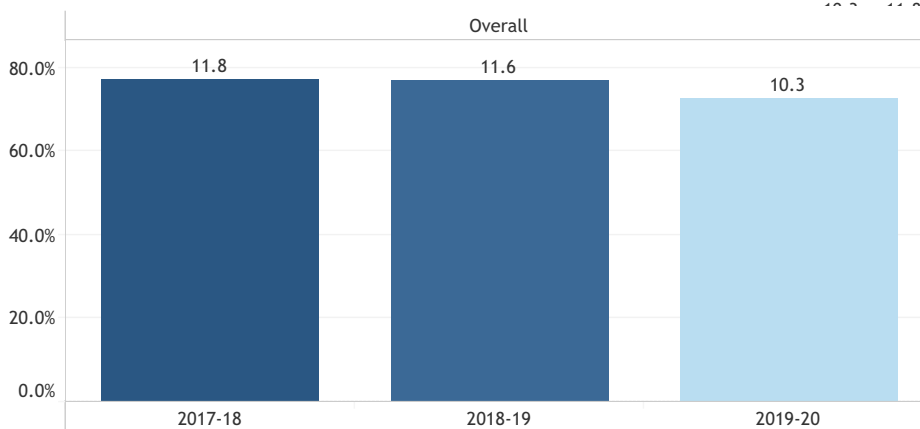

1. How successful are your students at completing the credits they attempt in their first academic year?
2. Which students are (and are not) finding success?
3. On average, how many credits do your students attempt, and how many do they complete in their first academic year?
