

**2014/2015 Lenoir Community College Addendum
December 8, 2014**

The following change should be made to page 318 of the catalog:

Remove the required DRE-098 corequisite from MED-121 course description.

MED 121 Medical Terminology I 3 0 0 0 3

This course introduces prefixes, suffixes, and word roots used in the language of medicine. Topics include medical vocabulary and the terms that relate to the anatomy, physiology, pathological conditions, and treatment of selected systems. Upon completion, students should be able to pronounce, spell, and define medical terms as related to selected body systems and their pathological disorders. *This course is also available through the Virtual Learning Community (VLC).*
