

## POINT COUNT WORK SHEET (FOR OFFICE USE ONLY)

**Students are selected according to a point system.**

**(This point count work sheet is reviewed each year and is subject to change.)**

**BEFORE** applying to the ADN transition program, an applicant must satisfy **BOTH** the math and biology prerequisites.

**MATH** – An applicant must have completed one of the following before receiving the LPN to ADN application packet: An unweighted high school GPA of 2.8 or higher from a College Prep Curriculum valid within 10 years. If this is not met, one of the following options, within 10 years, will satisfy the math requirement: • Qualifying placement scores; • A grade of “P” for DMA 010-080; • A grade of “C” or higher for MAT 080

**OR RISE** placement if outside the 10-year high school timeframe and must demonstrate mastery of Units 1-12 (Tier 2) or will be required to complete the transition course until mastery at Unit 12 (Tier 2) is met. Students who do not satisfy the high school GPA or RISE placement requirements, must attend the transition course, MAT 003, until mastery is achieved through Unit 12 (Tier 2). Students who have completed a college approved math course such as MAT 122, MAT 141, MAT 151, MAT 152, MAT 161, MAT 171, or MAT 263 with a “C” or better may meet the math requirement.

**BIOLOGY** – An applicant must have completed the required biology courses before receiving the LPN to ADN application packet: Biology 168 and 169 with a “C” or higher. The equivalent(s) to BIO 168 and 169 must be approved by the Registrar’s Office and the Dean of Health Sciences and Nursing.

**OTHER** - Applicants must also have completed PSY 150 with a grade of “C” or higher prior to submitting their application. If an applicant has not completed PSY 241 and ENG 111, the applicant will be required to take these courses with NUR 211. If an applicant has not completed HUM 115, ENG 112, BIO 275 and a humanities/fine arts elective, the applicant will be required to take these courses with the NUR courses noted in the catalog. In addition, a satisfactory score must be obtained on a math-pharmacology competency exam.
